On request we can produce different lengths (not standard) up to 12,000 mm

## NEW SIZES

available on stock  
width 2,000 mm

A new range of **stainless steel hot rolled sheets** is now available on stock:

- width 2,000 mm
- thickness up to 12 mm
- in grades 304L, 316L and 316Ti
- with standard packages of 1,500/2,000 kg

The new sizes are made thanks to the **new investments of Marcegaglia group**. A new cut to length line has been bought in order to satisfy the market demands.
